"In the German race, there is nothing but evil. Use force and break the racial pride of these German women. Take them as your lawful booty. Kill!" — Ilya Ehrenberg, Jewish propagandist in the Stalin regime

This shockingly explicit review of one of the most outspoken books about Allied atrocities against postwar Germany is not for the squeamish.

If you have a delicate constitution and wish to protect your mind from images of extreme violence, images bordering on the grotesquely obscene and satanic, please read no further. If, on the other hand, you have an appetite for the truth and insist on taking a peek into the Devil's cauldron, then you have only yourself to blame if you throw up after reading this hell's a-popping review.

The review concerns itself with the savage rapes and murders of 2 million German women at the hands of Red army soldiers, the bulk of them Mongols, Tatars, and Jews with an atavistic hatred of the White race. These Russian troops had been incited to lust murder by the psychopathic Jewish propagandist Ilya Ehrenberg.

One German woman came to her priest and broke down in tears. "Father, I can't go on living! Thirty of them raped me last night." (Goodrich, p.158)

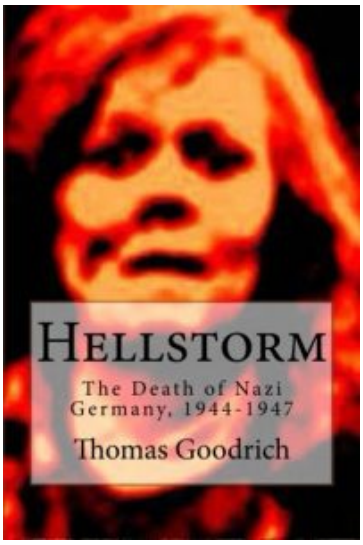
The German clergy were only too aware of the rape and mass murder of Catholic nuns, many of them bedridden geriatric women.

One of these priests writes in his diary:

“The girls, women, and nuns were raped incessantly for hours on end, the soldiers standing in queues, the officers at the head of the queues, in front of their victims.
During the first night, many of the nuns and women were raped as many as fifty times. The Russians knocked them down, kicked them, beat them on the head and in the face with the butt-end of their revolvers and rifles,



The same dreadful scenes were enacted in the hospitals, homes for the aged, and other such institutions. Even nuns who were seventy and eighty years old and were ill and bedridden were raped and ill-treated by these barbarians. (Ibid. p.84)

The Americans and the Brits knew all these atrocities were going on but did nothing to stop them. They stood by and saw it all happening, cruel accomplices to the crime. Indeed, many of them joined in the bloodbath of sadistic sexuality: Americans, Brits, Frenchmen, Poles, Moroccans, and, last but not least, Jews from all over the world salivating for revenge against the White race — in particular, a contingent of lust-crazed Jews from Palestine.

“Staggered by what he had seen and heard, a German officer tried desperately to make sense of the disaster; to understand the minds of men ‘who find . . . pleasure in raping the same woman over and over, dozens of times, even while other women are standing near.’” (Ibid. p.93)

Tearing German women apart, including little children before their parent’s eyes, was one the perks of war for these coldhearted killers. These atrocities have either been minimized or covered up by the court historians since there are not enough tears to go round. All our tears need saving, it would seem, for the victims of the Holocaust. They alone must be commemorated and held in honor in perpetuity.

Here are a few chilling quotes from Hellstorm which you will not find in Sexton’s book review below, though you will find other quotes there that are equally horrifying.

“Of all the methods used to express its anger, the Red Army said it best with rape. From eight to eighty, healthy or ill, indoors or out, in fields, on sidewalks, against walls, the spiritual massacre of German women continued unabated. (p.155)

The mothers had had to witness how their ten and twelve-year-old daughters were raped by some 20 men; the daughters, in turn, saw their mothers being raped, even their grandmothers. Women who tried to resist were brutally tortured to death. There was no mercy. (p. 159)

When even violated corpses could no longer be of use, sticks, iron bars and telephone receivers were rammed up their vaginas. (p. 155)

The women were raped, not once or twice but ten, twenty, thirty and a hundred times, and it

was all the same to the Russians whether they raped mere children or old women. (p.79) "Those women who were pregnant, on their menstrual cycle, or enduring diarrhea, suffered like all the rest. Nothing, it seemed—not age, ailment or ugliness—could repel the Red rapist. Even death was no defense.

'I saw some twenty Red Army men standing in line before the corpse of a woman certainly beyond sixty years of age who had been raped to death,' one sickened witness recorded. 'They were shouting and laughing and WAITING FOR THEIR SATISFACTION OVER HER DEAD BODY.'" (Emphasis added, p.84)

This haunting book review will take you to hell and back. Prepare for a roller coaster ride into a landscape of terror that neither Dante in his Inferno nor Hieronymus Bosch in his maddest paintings could ever have imagined.

The Rape and Mass Murder of German Women after WWII

A review of Thomas Goodrich's Hellstorm: The Death of Nazi Germany (1944-1947), by JA Sexton

"Who could inspire such madness . . . all the torture, abuse, burning, systematic rape and beatings? Thomas Goodrich answers this question: the Jews in Communist Russia." — JA Sexton
What is hell?

I've often pondered what the concept "hell" entailed; what it means to be living in the absence of "God," the supreme creative force behind all life. After reading Thomas Goodrich's breathtaking and physically nauseating analytical narrative of the burnt offering – Holocaust – of Germany I now know what hell looks like and how its inhabitants live and behave.

Relentless, reckless, and senseless hate of a magnitude so profound, so immense, that I am still unable to understand it. And then the irony of it all: that former inhabitants of Europe – Europeans – were responsible for inculcating hell in their own Heimat (homeland).

Who but the Devil itself could make a family turn on itself, causing it to tear itself apart in such a murderous, inhuman fashion that the victims are left unrecognizable after all the torture, abuse, burning, systematic rape, and beatings subside?

Who or what could inspire such madness? Thomas Goodrich answers this question silently, subtly, but matter-of-factly – the Jews in Communist Russia (the former USSR) and Capitalist America and Britain.

Hellstorm is the type of book that changes lives. Goodrich is the type of author who literally puts you, the reader, there in the midst of hell. And what is this hell that he forces you to

experience page after page, torture after torture, and rape after rape? One that has been all but forgotten; the only hell the modern age really knows:

The Allied Holocaust of National Socialist Germany

Goodrich describes the Allied-induced inferno in more detail than most need to know to gain an understanding of the depths of Allied criminality and hatred, but the detail is necessary. Without detail no one will really know what hell is like. Here's a taste of it.

A German woman has her jaws forced open by the filthy brutish hands of a Soviet serial rapist. He literally spits into her mouth and forces her to swallow his salivary filth as he rams her body again . . . and again . . . and again – until he's satisfied fulfilling his oath to Stalin and his chief Holocaust propagandist, Ilya Ehrenburg.

Stalin officially sanctioned the systematic rape of German women. Ilya Ehrenburg, for his part as the lascivious advocator of rape of German women, helped the Red Army perpetrate the largest gynocide and mass rape in recorded history.

Commissar Ehrenburg's pamphlet urged Soviet troops to plunder, rape and KILL. This pamphlet was distributed in the millions among Red Army troops on the front lines of battle — men who were already intoxicated with hate and vengefulness as a result of over two decades of Bolshevik oppression: the collectivization of their farms, the confiscation of their grain and property, and the mass murder of their families.

Here are the final paragraphs of Ilya Ehrenberg's pamphlet entitled "Kill":

"The Germans are not human beings. From now on, the word 'German' is the most horrible curse. From now on, the word 'German' strikes us to the quick. We have nothing to discuss. We will not get excited. We will kill. If you have not killed at least one German a day, you have wasted that day.

If you cannot kill a German with a bullet, then kill him with your bayonet. If your part of the front is quiet and there is no fighting, then kill a German in the meantime. If you have already killed a German, then kill another one — there is nothing more amusing to us than a heap of German corpses.

Don't count the days, don't count the kilometers. Count only one thing: the number of Germans you have killed.
Kill the Germans!… Kill the Germans!… Kill!"

And in another leaflet, this is what the same psychopath has to say:

"The Germans must be killed. One must kill them….Do you feel sick? Do you feel a nightmare in your breast?… Kill a German! If you are a righteous and conscientious man, kill a German!.. Kill!"

Ehrenburg, like any skilled propagandist with a penchant for revenge and training in human

psychology, appealed to the basest instincts of his men, urging them to rape and wantonly slaughter other human beings at will. There would be no penalties for this injustice. It was all officially sanctioned.

Here is Ehrenburg again, rising to new heights of mental derangement, this time giving his troops the green light to rape and kill as many German women as they wanted:

“Kill! Kill! In the German race, there is nothing but evil; not one among the living, not one among the yet unborn but is evil! Follow the precepts of Comrade Stalin. Stamp out the fascist beast once and for all in its lair! Use force and break the racial pride of these German women. Take them as your lawful booty. Kill! As you storm onward, KILL, you gallant soldiers of the Red Army!”

LASHA DARKMOON: This psychopathic war criminal, directly responsible for the rape, torture and mass murder of 2 million German women after WWII, is now honored in Israel, his papers being lovingly preserved by the Yad Vashem Holocaust museum.

In his 6-volume memoirs, Ehrenberg openly boasts about being aware of the crimes of the Stalin regime, his own included, and actually admits that a veil of silence has been drawn over these matters.

He is buried in Moscow at the Novodevichy Cemetery where his tomb is graced with a crude, cartoonish portrait by his close friend Picasso. One cannot help wondering if the great Spanish painter was aware that his Jewish pal, who won the absurdly named “Stalin Peace Prize” in 1952, was a psychotic serial killer. (See here).

The thought of being burned alive is horrific, but the thought of being burned alive because you are trapped in melted asphalt and literally stuck by your own disfigured hands and knees and screaming is worse.

What did you do to be burned or boiled alive? What was your crime?

You supported Adolf Hitler, the man who dared to stand up to international finance and the Jewish system of systematic international monetary and spiritual enslavement.
THAT was your “crime” and the crime of millions of others in Germany and Europe who were incinerated, melted, tortured, strafed, raped or blown into body parts by their own racial and cultural kindred in the USSR, Britain and America.

The core of the firestorms often reached 3,000 degrees Fahrenheit; the flames 1,300 to 1,800 degrees Fahrenheit. A Holocaust in the truest sense of the word: a burnt offering of the Germanic race – women, children, refugees, POWs, the elderly, and even animals at the Berlin Zoo – to the Christian-Jewish “god” Jahve.

The truth is that this was the single largest burnt offering of human flesh to the Devil in recorded history. And for what? For what did hundreds of thousands of German victims suffer: international finance Capitalism.

And WHY? This is why: So that a few people, mostly ethnic Jews, could continue to make money from money and enslave millions of people in the process.

Eisenhower's camps were designed with one purpose in mind: mass death. They were, quite literally, death camps.

Millions of German men and boys died from starvation, disease, exposure, heat exhaustion, thirst, and of course torture, slave labor, random massacre, and systematic execution.
After having served in the worst war in Western history, and one of the worst in world history, German men came "home" to nothing more than rubble.

Their wives, girlfriends, and children were dead, enslaved, mutilated, driven to madness, missing, lost, or had gone with the enemy to survive and prevent further systematic rape by Polish, Russian, and Mongolian soldiers.

There were very few "homes" to return to, so thousands of men ended their lives in despair. They had survived six years of horror and warfare only to end it all in the rubble-strewn wasteland once called "Germany." Why? Because their own blood kindred in America and Britain — and even in much of Europe — had betrayed them: had turned on them to appease their Jewish overlords.

n older German woman is approached by filthy Soviet soldiers. She knows what awaits her because Goebbels did not lie. She tries to talk them out it. She has children with her. They dispose of the children rapidly, viciously: their heads are rammed into the side of the building. The woman is gang-raped. What does she recall . . . the rape? No. The sound of a child's skull when it is crushed against a wall. She'll never forget that sound.

Nor will I because I too can hear it. I too witnessed it. I witnessed it through Goodrich.

PRESIDENT EISENHOWER:
"God, how I hate the Germans!"

And then there were the death camps where over a million German men perished because Eisenhower (pictured) hated Germans: "God I hate the Germans," he said.
His racism and hate became official policy, a policy of genocide—an American orchestrated Holodomor. Countless thousands of German men were shipped off to Britain and Siberia to serve as slave laborers for the "victors".

Victors of what? Total destruction.

While this horror is unfolding, Roosevelt (and later Truman) and Churchill cheerily offer Stalin half of Europe. They are more than happy to accommodate nearly every demand drafted up by this "Man of Steel." The result of these Anglo accommodations nearly defies description:

The greatest mass expulsion and deportation in history (upwards of 13 million); the mass murder of millions of Germans and their allies in Russian, French, Jewish, and Polish retribution camps and prisons dotted all throughout Europe and

the USSR; the systematic mass rape and murder of German and collaborator women (an estimated two million); and the deliberate secret starvation of the Germanic race as spelled out by the Jewish adviser to Roosevelt and Truman, Henry Morgenthau.

Between 20 and 25 million Germans and collaborators perished in the years AFTER the war had officially ended. It is a crime that will never be forgotten, and it is a crime that will forever stain the hands and national consciences of the former USSR, the United States of America, Great Britain and her Commonwealth nations, and perhaps more pointedly the Anglo and Slavic races of the White supra-race.

A little German boy holds a lantern as he sits in a wagon en route to the Allied lines in the bitter winter snow. He's with his mother. She's bleeding profusely; she's dying.

The German doctor who the little boy was lucky enough to hunt down is doing his best to perform a tamponade (a blockage) of her uterus. She was brutally, viciously raped. Did she survive? Goodrich doesn't say, but the prognosis and tone suggest she didn't make it. She was German. She supported Hitler. She was a Nazi. She deserved it.

She deserved it.

So said the Allies in the years following the war: Germany merely got what she deserved. The 'morally superior' White nations of the globe had smashed ultimate evil: the Nazis; the German race.

GERMAN CHILD VICTIM:
RAPED, TORTURED, AND LEFT TO DIE IN THE WOODS

"She deserved it . . . because she was a Nazi!"

Never has a greater lie been told. Never has so much hatred and vengeance been poured forth onto one people and one nation that had chosen not to abide by the laws of international bankers and financiers who wish only to enslave, plunder, steal and when necessary, kill.

And most of the White races of the world were more than willing and eager to take up the flag of international Jewish money power and to smash the one White race that opposed it with such honor, valor and sheer might — so much so that it took all the best brain-power and material wealth of the entire White super-race, and all the monetary power of its Jewish financiers and overlords, to break its back.

LASHA DARKMOON: And how these diabolical merchants of death, in complete thrall to their Jewish puppet masters, tried to break Germany's back! No method was too low, too brutal, or too swinishly base. Listen now to Goodrich, and prepare for some harrowing quotations. Here is Sexton again to take up the tale:

I went into Goodrich's book expecting to read little more than I already knew about the worst genocide and mass rape of womankind in recorded history, but I was in for a shock. As an

individual who looks out for women's interests, I was repeatedly overcome with emotion while reading of the indescribable genital mutilations, deliberate and systematic terrorism, gang-rape and wanton mass murder of women.

Here is Brazilian German Leonora Cavoa who was an eyewitness to these sexual atrocities:

"Suddenly I heard loud screams, and immediately two Red Army soldiers brought in five girls.

The Commissar ordered them to undress. When they refused out of modesty, he ordered me to do it to them, and for all of us to follow him.

We crossed the yard to the former works kitchen, which had been completely cleared out except for a few tables on the window side. It was terribly cold, and the poor girls shivered. In the large, tiled room some Russians were waiting for us, making remarks that must have been very obscene, judging from how everything they said drew gales of laughter.

The Commissar told me to watch and learn how to turn the Master Race into whimpering bits of misery.

The horror that ensued nearly defies written description, as no written description can actually make a reader of either sex feel and genuinely know the pain and suffering inflicted in this never-ending horror show. The victims' pain and suffering must have seemed like hours and hours . . . an entire lifetime . . . I can't imagine. I try not to imagine it because about 2,000 women in the Nemmersdorf area alone suffered a similar fate.

Now two Poles [we are not told if they were Polish Jews] came in, dressed only in their trousers, and the girls cried out at their sight. They quickly grabbed the first of the girls and bent her backward over the edge of the table until her joints cracked.

I was close to passing out as one of them took his knife and, before the very eyes of the other girls, cut off her right breast.

He paused for a moment, then cut off the other side.

I have never heard anyone scream as desperately as that girl. After this operation, he drove his knife into her abdomen several times, which again was accompanied by the cheers of the Russians."

Stop.
Picture it.
Imagine it.
Live it!

F

"IMAGINE IT . . . . . LIVE IT!"

Force yourself to see your own body mutilated in a similar fashion; force yourself to picture a knife plunging into your abdomen again . . . and again . . . your short lifetime come to this end: you know you are about to die. You are being murdered; your body brutally tortured by a mob

of brutal sadists. Try to imagine the horror and the helplessness you would feel as your person was mutilated and your very life bleeding away on a table.

Can a human being really suffer a worse injustice than this?

Now . . . step back out of the scene and analyze this needless, inhuman horror with the gift of hindsight. This victim was not just the victim of these Red Army men, reduced to base animal instinct and mentality, but she was also the victim of an ideology inspired by Judaism and a Jewish propagandist named Ilya Ehrenburg.

Brazilian eyewitness Leonora Cavoa again:

“The next girl cried for mercy, but in vain—it even seemed that the gruesome deed was done particularly slowly because she was especially pretty.

The other three had collapsed, they cried for their mothers and begged for a quick death, but the same fate awaited them as well.

The last of them was still almost a child, with barely developed breasts. They literally tore the flesh off her ribs until the white bones showed.

Loud howls of approval began when someone brought a saw from a tool chest. This was used to tear up the breasts of the other girls, which soon caused the floor to be awash in blood. The Russians were in a blood frenzy. More girls were being brought in continually.

I saw these grisly proceedings as through a red haze.

. . . Over and over again I heard the terrible screams when the breasts were tortured and the loud groans at the mutilation of the genitals. . . .

It was always the same, the begging for mercy, the high-pitched scream when the breasts were cut and the groans when the genitals were mutilated.

The slaughter was interrupted several times to sweep the blood out of the room and clear away the bodies. . . . When my knees buckled I was forced onto a chair. The Commissar always made sure that I was watching, and when I had to throw up they even paused in their tortures.

One girl had not undressed completely, she may also have been a little older than the others, who were around seventeen years of age. They soaked her bra with oil and set it on fire, and while she screamed, a thin iron rod was shoved into her vagina . . .

. . . until it came out her navel.

In the yard, entire groups of girls were clubbed to death after the prettiest of them had been selected for this torture. The air was filled with the death cries of many hundred girls” (pp. 156–57).

And this is where I have to stop transcribing . . .

"The Commissar told me to watch and learn
how to turn the Master Race into whimpering bits of misery."

LASHA DARKMOON: It is a closely documented fact that most of the supervisory jobs among the Red Army Bolsheviks were held by Jews. The sadistic commissar mentioned above is therefore almost certainly Jewish.

As for the Red army rapists, we have a great deal of circumstantial evidence that the bulk of these belonged to three ethnic groups with an atavistic hatred against the White race: Mongols, Tatars, and Russian Jews. Remember there were no fewer than 500,000 Jews in the Red Army, many of them primed for "revenge sex" against white women.

Don't forget also that these mentally deranged "haters", some of them just let out of prison, had been given the green light to rape and kill with impunity by Stalin's psychotic Jewish propagandist, Ilya Ehrenberg: "Use force and break the racial pride of these German women," Ehrenberg had instructed. "Take them as your LAWFUL BOOTY! Kill!"

Never in the history of the world has such an orgy of rape and mass murder taken place, all of it against the helpless women and children of a great defeated nation, and all with the full connivance of the three great leaders of the victor countries: the blood-bespattered Franklin D. Roosevelt, the coldhearted war criminal Winston Churchill, and that ultimate psychopath and monster in human form, Josef Stalin.

It is sobering to reflect that these three statesmen who have now achieved the heroic status of demigods were little more than puppets in the hands of the Dreadful Few — the "Three Stooges" of international Jewry.

CONCLUSION

And yet . . . and yet Germany's back was not broken . . . Goodrich ends his book on a note of hope.

When all had been destroyed, when all seemed to have been lost forever in Year Zero, the Germans proved once again that such was just not the case.

Brick by brick, and hour by hour, they rebuilt upon the ruins of God's Empire a new Germany. No Holocaust by fire, no gynocide, no viricide, no famine, no other inhuman atrocities, could subdue or quench the noble Germanic spirit — which is the essence of the White race of humankind.

Even though Germany today is still an occupied nation with a hurting people, she still possesses that flicker of life and spirituality that the other White races and nations lost long ago when they sold their souls to Judaism and the Jewish "god" of hatred and revenge.

"Unbowed, unbent, unbroken."

Such are the words of an album released by a European band named Hammerfall. And such are the words that describe the German people, the German folk, the German race.
The only ones who bear the burden of bloodstain and guilt are the Allies.

No crimes in recorded history surpass those inflicted against Germany and Europe by the United States, Great Britain, and the former Soviet Union—all with the ideological and financial

backing of international Jewry.

The death of National Socialist Germany was the death of the Western man and everything he once stood for. I must thank Thomas Goodrich. Hellstorm has changed my life.

One of the best reviews of Hellstorm I have read so far, furnished with copious atrocity quotations and meticulously cross-referenced to other books, is Jonas Alexis's 7,500-word Rape and Sex in German Cities After World War II Revisited (Part II) — an article that cannot be praised too highly.

Certainly not for the faint-hearted but a satanic portion of our history that should be

promoted to the world to expose the demons involved and, hopefully, to prevent it ever happening again.
Excellent article by Lasha Darkmoon to offer Tom Goodrich's courageous expose of the dark forces who create revolutions and wars against ourselves and benefit immensely from it.

The evil in this world are the Judeo Mongol Jews and their masters who's bibles are the Talmud and Protocols of Zion. The psychopathic hypocrisy of this breed is their constant promotion of a Holocaust that did not happen and the pitifully indulged Anti-semitism.
Maybe these self-illusions soften the conscience but as Jesus described them as the Children of Satan it seems they didn't get one.
